**Heather Thomas Van Deren: Singin' Country Girl  
Rides in with New Album "Just In Time"**

Singer-songwriter, public speaker, and TV personality [Heather Thomas Van Deren](#) of Millsap, Texas, is releasing her highly anticipated third album *Just In Time* on May 6, 2017.

The album's 12 faith-based songs are inspirational country gems, performed by a woman who has sung and preached God's message in venues ranging from traditional and cowboy churches to festivals and arena concerts. Heather's album includes some pleasant surprises such as bluegrass and jazz-influenced songs, making her style stand out to a variety of music fans.

Van Deren, who penned four of the songs on *Just In Time*, selects material based on its message of love, peace, hope, and devotion.

"I hope you can hear my heart within the music," she said.

Van Deren's warm, sincere voice soars like a dove, beautifully adorning these songs, which are fully produced using some of Fort Worth's top studio musicians at SG Studios. From the syrupy smooth steel guitar licks on "I'm Forgiven" to the chicken-pickin' Fender Telecaster work on "By the Book," *Just In Time*'s songs will make you smile, tap your toes, and savor the sound of the Holy Spirit.

Heather and her husband live on a farm where they raise registered Black Angus cattle. Music and country living is her way of life, and her love for the Lord is the center of it all! Give this Texas country girl a listen!
